

## Weezle Argon Waistcoat

Part of the Weezle Wear Range.

Introducing the second waistcoat/body warmer in the Weezle range of thermal clothing; the Argon Waistcoat. We have designed this product for use in air rather than in combination with a Weezle Undersuit.

The Argon is filled with the same filling as an Extreme+ Undersuit but with a 'Ripstop' Paratex outer and zipper fastening. This comes in Black or Silver Grey only with a black lining.

Treated with a water resistant coating this will keep you warm and for a considerable time, dry.

The collar has been made smaller but is not removable and the two outer and one inner pocket all have the security of a zip. The size range remains the same from Ex Small to Ex Ex Large
